## Making up the block

Block diagram.

From fabric strips of  $2\frac{1}{2}$ " x 21" One background fabric and one pattern fabric.

With right sides together sew along the length of the strips.

Press the seam to the darker side of the fabric strip.

Cut along this strip at  $2\frac{1}{2}$ " across x  $4\frac{1}{2}$ " down. So, you will have two squares in each strip. You will have 8 in total.

Now sew two of the strips together to make a square as in the block diagram.

Lay out all your pieces as in the block diagram.

Stitch together the out-side pieces so you will end up with two strips.

Next join each piece to the centre strip to complete the block.

Sew 30 blocks in total, colour ways as in the main diagram.

Lay out all the blocks as in the main diagram with the sashing in between each block.

Row diagram

Next row will be the sashing strip.

When you have stitched all the rows and sashing together you will add the borders.

### **Borders**

Inner border stitch the strips 1½" x 65½" to the sides and then the strips 1½" x 56½" to the top and bottom

Outer border will be the same as the inner border 3" x 67½" strips to sides and 3" x 61½" strips for top and bottom.
